

TESTIMONY IS CONTINUED IN FORBES' TRIAL

Statement Made Pres- ident Apologized for Forbes

WASHINGTON, Nov. 16.—President Harding apologized to J. M. Williams, of Philadelphia, for the conduct of Charles R. Forbes while he was director of the veterans' bureau. Mrs. Williams testified today before the senate veterans' bureau committee. She was called after the four days' examination of Forbes had been concluded.

Mrs. Williams said her husband who has testified against Forbes, who is the president in command with Representative Edmondson, Republican, Pennsylvania, late in 1922. This was after Forbes and his friend Sidney Bieber of Washington, had threatened her over the long distance telephone, she said, because she had written a letter detailing some of the charges of intrigue, graft and corruption in connection with hospital contracts and other matters which Elias H. Mortimer since has made against Forbes before the committee.

Forbes' Appointment

"The president apologized," she said, "and said he had met Mr. Forbes and had come to appoint him. He said he met him in Honolulu and that Mr. Forbes a the American official there had shown the party about. Later he came to Marion."

Chairman Reed interrupted to end this phase of the witness' testimony as immaterial to the purpose of the inquiry.

Mrs. Williams who said she was the aunt of Mrs. Elias H. Mortimer, declared that Forbes and Bieber had visited her home in Philadelphia in an effort to get possession of some papers which Mortimer had given to Mrs. Mortimer for safe keeping.

This was after the friendship between Forbes and Mortimer had been broken off and after Mrs. Mortimer had contemplated starting divorce proceedings against her husband.

Mrs. Williams said the Mortimer papers were taken to her home and kept there until Mrs. Mortimer turned them over to S. D. Timberlake, a Staunton, Va., lawyer, who represented Mrs. Mortimer in her divorce proceedings. The witness could not say what had become of them after

Threatening Letters

The letter concerning which Mrs. Williams said she had been threatened was written to Timberlake and at his request, according to her testimony. Timberlake had represented to her, she said that with the use of this information he could find out what "Forbes and the others" were trying to get at.

During the two hours and more he was on the stand today, Forbes was taken over much of the ground covered before in his testimony and he reiterated denials of "drinking parties" and other charges made against him. He said he began to have "suspicions" against Charles F. Cramer, general counsel of the bureau, some time before Cramer committed suicide but declared there was no proof of any of the reports.

The former director said Major Grant, the district officer at San Francisco, had told him of a report current there that 100 cases of wine had been sent to Washington, one-third for Forbes, one-third for Cramer and one-third for President Harding.

Regarded Absurd.

"I regarded the report as too absurd to take seriously," he said.

Examination of Forbes was interrupted to permit James A. Farland, National Commander of the disabled American veterans to read a statement in which the manner in which the investigation had been presented was sharply attacked. He asserted that the discussions would be confined largely to questions concerning bank operation.

GERMAN SITUATION REGARDED AS VERY SERIOUS BY MANY

Actual Rupture of Entente
Cordiale Seems Im-
minent

PARIS, Nov. 16. (A. P.)—The talk in the lobbies of the chamber of deputies today centered about the precarious situation brought about by the disagreement between France and Great Britain with regard to proposed measures to require Germany to facilitate the work of the interallied military control commission in Germany.

The general opinion among the deputies seemed to be that what was termed the half-way measure contended for by Lord Crewe, the British ambassador acting on instructions from London would be far from none—since it would merely tend to demonstrate to the Germans the helplessness of the allies.

The eventuality of an actual rupture in the entente cordiale was speculated upon for the first time today and even found an echo in the session of the chamber of deputies itself where the Socialists interrupted Premier Poincaré during his address with cries of "It is a rupture of the entente cordiale."

Declines Discussion

M. Poincaré declined today to discuss the questions of military control or the crown prince because the negotiations with regard to both subjects are still going on, but members of the chamber, who are not bound to such discretion exchanged views as to consequences, which were generally regarded as not likely to weaken the hands of France in dealing with Germany.

The opinion was expressed that the reich would find its position weaker if the entente split, since encouragement from Great Britain then would lose its significance and France free from the necessity of consulting her allies who disagree with her would be able to simplify her program and apply it with greater vigor.

It is expected a final earnest effort will be made tomorrow to find some way to avoid a break between the allies, but if Great Britain still refuses to join with France in some energetic action it seems to be a practical certainty that M. Poincaré will act alone and will occupy more territory probably contiguous to that now in the hands of the French.

MCADOO INTERVIEWED ON BONUS QUESTION

SALT LAKE CITY, Utah, Nov. 16.—William G. McAdoo, prospective presidential candidate of the Democratic party in 1924, was in Salt Lake City, for a short time late today on his way to Los Angeles and took occasion to answer criticism of his proposed 50 year government bond issue to pay a soldier bonus.

"If the Republicans in congress who profess to favor a soldier bonus really want one they must adopt the only practical means without overburdening the present generation," he declared to a representative of The Associated Press. "Burdensome taxation such as a sales tax (if put upon the people would be a hypocritical way of trying to defeat justice to the soldiers, while professing friendship for them."

Mr. McAdoo said he was not prepared to comment on the announced candidacy of United States Senator Hiram Johnson of California for the Republican presidential nomination.

CANDIDACY OF DENEEN MADE KNOWN FRIDAY

ANNOUNCEMENTS FOR G. O. P. NOMINATION FOR U. S. SENATOR

CHICAGO, Nov. 16.—(A. P.)—Former Governor Charles S. Deneen today formally announced himself as a candidate for the Republican nomination for United States senator from Illinois.

In the statement announcing his candidacy he declared he entered the campaign with no entangling alliances with any actual or prospective candidate for any state office, adding that he will conduct his campaign so that the nomination will be decided on the merits of those who become candidates for the office.

Mr. Deneen said that recent law work had precluded laying any plans yet for his campaign, but that this will be done and his views on party and public matters will be presented in due season and at convenient places.

Deneen's Platform

His statement follows:

"In response to urgent and unsolicited requests from Republicans in all parts of the state, I have decided to become a candidate for United States senator at the April primaries.

"In announcing my candidacy, I wish to inform the Republicans of the state that I enter the campaign with no entangling alliances with any actual or prospective candidate for any state office. I hope so to conduct my campaign that the nomination for United States senator will be decided on the merits of those who become candidates for that high office.

Additional Statement

"In due season and at convenient places, I shall present my views on party and public matters to the voters. I believe, however, that the voters at the Republican primaries will judge a candidate for senator not only by his views on public questions but also by his services to the party, his services to the people in public office, his general attitude toward public questions and affairs, his stability of character and his ability to render service in the United States senate.

"Whatever my qualifications may be for the senatorship, I submit them to the considerate judgment of the Republicans of Illinois. I will accept their verdict and will support for election their choice should they prefer another."

CONFIDENCE VOTE EXTENDED BISHOP

NEW YORK, Nov. 16.—A resolution expressing "confidence and thanks" in the work of Bishop Edgar Blake of Paris and his colleagues on their mission to the all-Russian church conclave in Moscow last May was unanimously adopted by the Methodist Episcopal board of bishops today.

The resolution, which made no mention of the recommendations made by Bishop Blake, dismissed the deputation, at its own request, from further duties concerning the Russian church situation adding that it had successfully "carried out a delicate mission."

Mr. McAdoo said he was not prepared to comment on the announced candidacy of United States Senator Hiram Johnson of California for the Republican presidential nomination.

BRITAIN'S PARLIAMENT IS DISSOLVED AND NEW CALL OUT

ANNOUNCEMENTS FOR G. O. P. NOMINATION FOR U. S. SENATOR

LONDON, Nov. 16.—(A. P.)—Parliament was formally dissolved today, and a royal proclamation printed in the Gazette tonight summons the new parliament to assemble January 8. It was thought the new session would convene December 20, but the cabinet decided not to contest his seat in the house of commons.

Two prolonged cabinet meetings were held today, one ostensibly to draft the government's election manifesto and the other to discuss election routine. Rumor however has it that Premier Baldwin is having great difficulties in holding his party and the government together.

The premier will begin his new campaign under adverse auspices for not only has he had the greatest difficulty to prevent defections of colleagues with free trade beliefs but he has failed to consolidate his party by securing Lord Birkenhead and J. Austin Chamberlain as members of the Government.

The inside story of this affair shows it was a revolt of the under-secretaries led by Ronald MacNeill of the foreign office and W. Ormsby-Gore of the colonial office which deterred the premier from taking Lord Birkenhead and Mr. Chamberlain into the cabinet.

In fact in the same ratio that Mr. Baldwin succeeded in welding together his opponents he seems at the same time to have been causing a disintegration of his own party and altho ruptures have been avoided in most cases, disagreements cannot be shielded from the public. The premier has been reminded in connection with his sudden conversion that it was only a few months ago he offered the chancellorship of the exchequer the most important position in his government to a strong free trader, Reginald McKenna. It was reported today that Mr. McKenna was re-entering the political field but this report apparently is premature.

BRIEFS

By the Associated Press

Rockford, Ill., Nov. 16.—Safe blowers believed to be a gang that has committed many robberies in northern Illinois in the last four weeks, blew three safes in Leaf River early this morning and escaped with several hundred dollars. One hundred dollars in silver was obtained at C. R. Shrieber's restaurant and certificates of deposit and watches from two safes in S. E. Butterfield's pharmacy.

Peoria, Ill., Nov. 16.—Rescued from a live trolley wire by passengers who heard his calls for help, Albert Novard, street car conductor, is at a hospital here badly burned. The trolley pole had leaped from the wire and Novard came into contact with a trolley wire which was down.

Des Moines, Iowa, Nov. 16.—A note taking the form of a will, and directing that the estate of \$25,000 be turned over to his mother, was found in the pockets of a man identified as Edwin Bennett, of Washington, D. C., who attempted suicide on the street here last night. Hospital attendants said the man probably would recover.

Denver, Colo., Nov. 16.—Dr. Samuel S. Smythe, died today of pneumonia. He was born in Galena, Ill., in 1839, and served as captain of battery F, First Illinois light artillery during the civil war. He was captured by the Confederates in the battle of Atlanta and was kept in the southern prisons until the close of the war.

Three fourths of the chamber was on its feet cheering him when, after an energetic review of the whole question covering an hour and a quarter, he left the rostrum with the final declaration:

"We shall continue to negotiate in the friendliest way possible with France cannot give way."

Declaring that the utterances in the British parliament must be answered immediately, M. Poincaré said:

CONFIDENTIALS

"I cannot let it be said that it is by our fault an agreement has not been reached. For several years we have not ceased to make concessions from our rights and it is not on our side that the attitude is uncompromising."

The premier went over the history of the reparation problem and recalled that the British government had approved the occupation of the Ruhr on two occasions and nameless German territory on another.

"That is why," he said, "we could not adhere to the propositions made by Lord Curzon and Secretary Hughes to consider an estimate of Germany's capacity to pay thru an international conference."

He had examined the proposals with the greatest willingness of finding a way of agreeing.

Puzzling Question

"But how could France consent to a procedure which some of our allies admitted would mean reduction of our claim on Germany, when we had already advanced a hundred billion francs on Germany's debt and were debtors to our allies as we were reminded again yesterday?" he asked.

The result of an expert conference with unlimited scope the premier declared, undoubtedly would have been against France.

Further concessions would have been made to Germany which having no international debt but possessing formidable balances placed abroad and with her industrial equipment practically renewed, would have come out of the embroilment in an insolent state of prosperity as compared with that of her victims.

YOUTHFUL BANDITS IN BANK ROBBERY

Pine Bluff, Ark., Nov. 16.—Two youthful bandits, driving a big touring car swept into Harrell, fifty miles southwest of here about 3 o'clock today, dashed into the Bank of Calhoun Co. locked cashier in the vault and escaped with a large sum of money, according to information received here tonight.

The man who sets out to buy a used car in these days should be sure it does not have a shady past. Unfortunately, there is no recourse for the innocent person who may purchase a "hot" car, and later have it taken from him by the man from whom it was stolen. The only protection lies in a careful investigation before purchase.

There is a "killer" loose in Minnesota. He must be one of those moral defectives which criminal research has recently brought to light. He should be made a subject of scientific study, as well as given just punishment. However, the tragedy he has brought into the world cannot be lightened, no matter how severely he is dealt with by the law.

The expected visit of President Taussig of the Wabash to this city is one more evidence of the wide influence Jacksonville is gaining with men of affairs. The friendly relations between the city and the highways of transportation on which it depends, should continue without hindrance.

A SEAMAN'S DECISION.

They tell a story on the Great Lakes of a captain who, when he lost control of his vessel in a storm, lighted his pipe and puffed quietly, without batting an eye, while it went on the rocks. Something of the stern control appears in the attitude of Capt. Watson, commander of the naval squadron which "piled up" on the California coast a few weeks ago. Held responsible for the disaster, and facing the court-martial, he says:

"I don't want an acquittal. For me to be acquitted by this court would be bad for the naval service, to which I have devoted my life. I believe that no man in charge of vessels of the navy at sea should get away clear when 7 were wrecked and 25 lives are lost. I made a seaman's decision, and I was in error. I am ready to abide by the consequences of that error." He insists only that the mistake was an error of judgment, and not proof of culpable inefficiency.

This ranks with the best traditions of the navy. If tragic errors are made, it goes far to make amends for them when the offender refuses to whine and takes his medicine like a sailor.

ENGLAND AND THE TARIFF.

The present agitation of the English government for the imposition of a tariff on imports is plainly due to a desire to compete with other nations. The duties no doubt will be of discriminative nature and will be placed on articles:

All Hats at Half Price
HENRY & STICE
Opera House Block
Get Eagle Stamps

CHANDLERVILLE GUEST
Miss Emma Norton of Chanderville is spending several days as the guest of her cousin, Mrs. Gertrude Richardson, on East College avenue.

Dutchess loaf..... 25c
Whipped cream puffs, per dozen..... 50c
Sultan raisin cake..... 25c
A-B Bakery, E. State

des coming from the United States, Italy and France, as these countries have raised their import duties greatly since the war.

It is probable that the English government has given little attention to the effect which tariffs may have on English industries. If the duties are high enough to discriminate against foreign goods, they will be protective, a fact which may cause a new industrial development in England and the decrease of unemployment there.

It is difficult to think of free trade England as imposing tariffs. For generations she has been the one nation which scorned to assess duties on imports, and owing to the fact that she has been the only great nation upholding such a doctrine, she has practiced it successfully. If it is true that at least one free trade nation is necessary to maintain a world economic balance, that balance may now be due for a disturbance, and students of the world will eagerly watch the English experiment.

SCHOOL VISITING.

Education week—Nov. 18-24—has more purpose and justification than many of the special weeks now thrust upon the public. Its aim is to focus attention upon education in this country, upon the general system as well as upon local school problems and achievements.

During the week in many communities schools keep "open house" for parents and other interested citizens. It would be well for the nation if parents everywhere responded generously by going to one or two school sessions. They might be pleasantly surprised at the progress made in methods of teaching, attractiveness of class rooms, and so on, since their own school days. In some cases they might be disagreeably surprised at conditions that ought not to exist and would not exist if all the adults in the community realized their responsibility to the schools.

A good deal depends upon education of the right kind, particularly in a democracy where intelligent government can come only through an intelligent citizenship. Critics have frequently pointed out to us that our educational system is far from perfect. But no one has demonstrated that it is hopeless. It is a growing, changing thing, like any other democratic institution. Education week is a good time to start finding out in what directions it is growing and in what directions it ought to be growing.

The choir expects to have another musical program on Sunday afternoon, December 16, which will be free to the public, the cantata to be rendered being Maunders' "Bethlehem." It is a plan of the music department of the church to frequently give to the public some sacred chorus work, as well as being an enjoyable and inspiring evening for music lovers, it also is a great benefit to those who are members of the chorus.

Last night's program was opened by a group of organ selections played by Mrs. Stickney, which were greatly enjoyed. They were:

Midsummer Caprice—Johnston
Song of Joy—Roland Diggle
Evensong (by request)—Johnston

Tannhaeuser March—Wagner
Dobois.

Members of the chorus then filed in and took their places on the rostrum, which had been attractively decorated with ferns and plants, and the Cantata was presented as follows:

"The Fatherhood of God." Introduction and Chorus—Behold what manner of love.

Bass solo—Now are we sons of God—Mr. Charles W. Cornick.

Chorus—Father, the dearest, holiest name.

Soprano Solo—For whom the Lord loveth He chasteneth—Mrs. A. R. Gregory.

Semi Chorus with Soprano Solo—But now, O Lord Thou art our Father.

Bass Solo—Thou art with me, O my Father—Mr. Charles W. Cornick.

Alto Solo—O Father Spirit, who with gentlest breath—Mrs. A. Weihl.

Chorus—Have we not our Father?

Tenor Solo and Semi Chorus—

BERTON BRALEY'S DAILY POEM

THE PRINCE

BY BERTON BRALEY

"I WAIT for Prince Charming," she said,
"Prince Charming, blithe, slender and young
With curly gold hair on his head
And gay honied words on his tongue.
Oh, he will be handsome and tall
And he will be valiant and strong,
A Prince with the world at his call,
A figure of story and song!"

"I WAIT for Prince Charming," she said,
"To set all my heart's atrum,
And ere many seasons have fled,
I know, oh I KNOW he will come!
He'll woo me with glorious art,
With tenderness, passion and fire,
No other shall capture my heart,
He's truly Prince Charming to her!"

HE'S fat and he's placid and short,
His wooing was clumsy and tame,
He's only a commonplace sort
Devoid of renown or acclaim
And yet when she gazes at him,
He sets all her pulses astir,
For, thanks to Love's magical whim,
He's truly Prince Charming to her!

BAD BREATH
Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening griping cathartics are derived from Dr. Edwards' Olive Tablets without griping pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color.

Take one or two every night for a week and note the effect. 15c and 30c.

THE SORROW OF JESUS EVANGELIST'S THEME

Dr. Peters Emphasized Humanistic Elements of Gospel Showing Jesus as Model Man—Miss Lois Harney Sang

Another large audience gathered at Central Christian church last night to hear Dr. H. H. Peters discuss the theme "The Sorrow of Jesus." Rev. F. A. Bracewell, pastor of Ebenezer church, assisted in the services last evening, and preceding the sermon Miss Lois Harney sang "I Come to Thee."

It was announced that the Sunday school has set a goal of \$600 for Sunday and everything is to be done to reach this goal.

In his sermon last night Dr. Peters emphasized the humanistic elements of the gospel, showing Jesus as the model man. A few paragraphs from the sermon are given:

"The human side of the life of Jesus does not receive proper emphasis these days. This may be surprising to some people, but the study of current literature on religion proves its truthfulness.

"The humanity of Jesus is strikingly revealed in the three instances in which he shows grief. The sorrow of Jesus was real. Washington Irving once said, 'There is a sacredness in tears. They are not a mark of weakness, but of power. They speak more eloquently than 10,000 tongues'.

"The Apostle Peter was a courageous man. He was ready to fight a mob to protect his Master, but he denied his Lord. A single look from Jesus sent him away to weep as a child. Tradition says that when he was condemned to die a martyr's death he asked that he might be crucified head downward as he was not worthy to die as did his Lord.

The strongest character in history is Jesus of Nazareth. But tears were often on his cheeks. The complete story of His life is not written. It has been stated that if all He did had been reported the world itself would not

contain the books that should be written.

"There are three recorded instances of the weeping of Jesus. He wept in sympathy at the grave of his friend Lazarus. He wept in sorrow over Jerusalem. He wept in suffering in the Garden of Gethsemane.

"The tears of Jesus are redemptive. They reveal His inner self. Tears make the strings of the lyre sound more harmonious and beautiful. So the tears of Jesus make the message that fell from His lips comforting to the human heart."

IMPROVE KITCHEN AT LOCAL CHURCH

Men of First Baptist Church
Volunteer to Add to Convenience of Social Rooms—Work Begun Last Night.

An improvement designed to increase the social convenience at the First Baptist church was begun last night by volunteer carpenters in the church working under the direction of Joseph Ludwig. The kitchen is being modernized, and a serving booth is being built between the kitchen and the main serving room.

Shelving is to be placed in the kitchen, and other devices for the convenience of the cooks and others who may work in the kitchen. The room where the younger children of the Sunday school meet will be made into a sort of ladies' parlor and meeting place for small groups. A stove is to be placed in the room so that when it is to be used, it will not be necessary to heat the entire church building.

A number of men of the church have volunteered their services in making the improvements, and the work is being done at night and with such speed that the entire improvement will be completed in a few evenings.

AGED WHITE HALL RESIDENT PASSED AWAY

White Hall, Nov. 16.—The death of Mrs. Mary Hill Gribler Thursday morning removes a pioneer woman who had attained the age of 93 years and three months. She was the oldest resident of this community, retaining good physical condition for her years up to the last couple of years. She was at the home of her son, John W. Gribler, three and one-half miles west of White Hall, where she had made her home for the past few years under the care of two daughters Ella and Ola. Joseph C. Gribler residing in White Hall, is another son, and another daughter, Mrs. Farrington, resides at Winchester.

Funeral services will be held at the John W. Gribler home at 11 o'clock Sunday, and burial will be in the North cemetery, four miles southwest of White Hall.

VIRGINIA

Virginia, Nov. 16.—The senior class of the community high school announces a benefit entertainment to be given next Tuesday evening at the opera house, the attraction being a modern drama entitled, "Am I Intruding?" The playlet is a laugh producer, the plot mysterious and the finale a surprise. It is presented under the supervision of the class adviser, Miss Lucile Rexroat. A committee comprising the Misses Mary Nisbet, Elizabeth Whitaker and Mark Fronk are in charge of the finances and stage management. The cast follows:

Mrs. Hastings, a housekeeper

Catherine Pratt Blair Hoover, an adventurer

Dawn Flanigan Ernest Rathburn, Jane secretary

Fred Sutherland Marjory Vare, the elder daughter

Idabelle Watkins Dickie Waldron, a romanticist

Glenn Davis Moma, the French maid

Frances Achne Horace Vare, the father

Wilbur Anderson Violet Vare, the younger daughter

Mary Jokisch Peter, devoted to Violet

Walter Kinser Dora, friend of Violet

Hazel Virgin Gerald Mays, "Jerry" from Sage Creek Raymond Williams Jane, Vare's niece Lois Paschal

Time—The present.

Place—The living room of the Vare home.

Synopsis:

Scene I.—A spring morning, Jerry intrudes.

Scene II.—Late the next day, Jerry takes a hand.

Scene III.—The following morning, Jerry untangles the thread.

Ravonne Hawk will sing, "Mah Lindy Lou" (Strickland), between the first two acts. The admission has been placed at 35 cents and reserved seats can be obtained at the Turnman box office on the afternoons of Saturday, Monday and Tuesday.

THE REFEREE By Albert Apple

Winter

A severe winter is predicted by New England settlers, because porcupines are exceptionally fat. It's believed this fat has been stored to keep them warm and serve as emergency food in bitter weather.

On the other hand, word comes from Canada that a mild and open winter is predicted by Ojibway and Algonquin Indians, because squirrels have not been storing many nuts.

Maybe they're both right. Winter may be spotty. We're not yet out of the period of freakish weather, though the sun is believed to have recovered to normal in amount of heat it sends us.

Sweet

The proposed soldier bonus could be entirely taken care of by a tax of 2 cents a pound on sugar. So claims the United States Sugar Association. It furnishes enough figures to give a bookkeeper a headache. What it really wants is repeal of the tariff on sugar and substitution of a flat sales tax of 2 cents a pound.

Some very novel schemes are advanced these days, to make taxation as painless a form of extraction as possible. The child doesn't holler as much when the pill is sugar coated.

\$64

Taxes last year took an average of \$64 from every man, woman and child in our country. So figures National Industrial Conference Board. That'd be \$320 for man and wife with three children. The politicians wouldn't dare hand us a straight bill for so much, so they cleverly arrange a lot of indirect taxation that is passed on to us in the form of higher cost of living.

One reason taxes are so high: Fifty-four billion dollars worth of property is exempt from taxes. That's almost a fifth of our entire national wealth.

Tragedy.

When you think you have troubles, remember Mary Dermody, crippled domestic, of Laurel Hill, N. Y. She has lost \$535, her life savings, which she had been 20 years accumulating with a view to obtaining admission to an old ladies' home. The money was tied in a handkerchief and pinned inside her dress. Pin came loose.

Mary's money would have been safe in a bank. But that doesn't lessen the tragedy.

Crooks

Seven-tenths of the crooks brought into New York City claims are natives of other cities, claims Judge Mancuso. He's defending his fair city against what he calls the charge of being "the worst city in the universe."

The other cities can come back at him with similar statistics. Their arrests include a lot of native New Yorkers.

Six of a kind, half a dozen of another.

Chicago, Nov. 16.—Before an admittedly "all wet" jury, witnesses including millionaires and politicians are to take the stand today as the government opens its testimony in the trial of Grommes and Ulrich corporation and ten defendants in connection with an alleged liquor distribution when the company was dissolved.

Funeral services will be held at the John W. Gribler home at 11 o'clock Sunday, and burial will be in the North cemetery, four miles southwest of White Hall.

NEW LAMP BURN 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent air and six per cent common kerosene (coal oil).

Caritas Lodge 625 In Regular Meeting

Caritas Rebekah Lodge No. 625, held their regular meeting Thursday evening. Several applications for membership were received. Sometime ago the request was made from Mrs. Myrtle Tandy, vice-president of the International Association of Rebekah Assemblies, a photograph of herself, to hang in the lodge parlors.

At the meeting Thursday night Mrs. Tandy presented the lodge with a handcolored portrait of herself. The presentation speech was made by Mrs. R. E. Crabtree. After the business session the degree staff of the lodge held a meeting and drill. Another meeting of the staff will be held next Thursday evening. Guests were present at the meeting from Pittsfield and Pleasant Plains.

Congregational Guild Meeting

The Congregational Guild held a meeting yesterday afternoon at the home of Mrs. W. B. Young, at which it was decided to hold a Japanese tea and bazaar on December 6. Plans for the annual supper were also discussed.

There was a good attendance at the meeting. A social hour and refreshments followed the business session.

Birthday Party

For Donald Fitzgerald

A party was given by Mrs. Frank Correa Thursday evening at her home on West Walnut street, in honor of the eighteenth birthday of her son, Donald Fitzgerald. Dancing furnished the main amusement of the evening but there was also a delightful program including vocal solos by Miss Eunice Haerle and Miss Anna Blesse, and a reading by Miss Una Chappell.

A huge birthday cake with lighted candles was the main feature of the refreshments which were served by the hostess, assisted by Mrs. Ralph Strangman.

Those in the company were: Ruth Fuller, Opal Chappell, Una Chappell, Eunice Haerle, Dorothy Green, Anna Burchett, Nell Winstead, Margaret Baptist, Anna Blesse, Leon Stewart, Donald Fitzgerald, Wallace Baptist, Merle Green, Earl Patterson, Sheldon Nicol, Carl Keehner, Edward Blesse and William Fitzgerald.

Luther Walther

Circle Met

The regular monthly social meeting of the Luther Walther Circle of Salem Lutheran church was held Thursday night at the home of Chester Domke on North Church street. Various games were played during the evening and George Oberstade made the occasion more enjoyable by several violin selections, accompanied by H. Zorn. Delicious refreshments were served after which the guests departed for their homes having spent a most enjoyable evening.

The following is the list of those present: Clarence Ingram, Richard Ingram, Clarence Muehlhausen, Walter Kuppler, Frank Walters, Ernest Walters, Arthur Middendorf, Anderson Mullens, Theodore Schulz, George Oberstade.

DEATHS

Mrs. Julia White of Marion street died at 2:45 o'clock yesterday morning at the New Home Sanitarium. The remains were removed to the Gilliland Funeral Home and prepared for burial. Arrangements will be announced later.

Deceased is survived by three sisters: Mrs. Frances Daly of this city; Mrs. Florence Haynes of Higginville, Mo., and Mrs. Susie Summer of Kansas City.

SHILOH AID SOCIETY ELECTED OFFICERS

The Shiloh Aid Society held its regular meeting with Mrs. Edith Long Thursday afternoon. The meeting opened with the singing of "Bringing in the Sheaves," followed by Scripture reading by Mrs. Carrie Moody. The Lord's Prayer was repeated in concert, after which the minutes of the last meeting were read and approved. The secretary and treasurer presented their annual reports, which were also approved. Twelve members responded to roll call.

During the business session the following officers were elected:

President—Mrs. Nelle McGee.

Vice-president—Mrs. Vernie Hull.

LATEST NEWS OF THE SPORTING WORLD

THREE UNDEFEATED TEAMS OF BIG TEN WILL BATTLE TODAY

Michigan, Minnesota and Illinois Will Be in Action

CHICAGO, Nov. 16. —(A.P.) The three undefeated elevens of the Big Ten will all be in action tomorrow, but only two will engage in conference games.

Michigan will meet Wisconsin at Madison in a contest in which the Wolverines are prepared to fight desperately to maintain a clean record. Minnesota, to keep its slate clean must beat Iowa at Minneapolis, an undertaking that the Gophers are not considering lightly by any means. Illinois, the other team thus far unbeaten will play the Mississippi Aggies at Urbana in a non-conference contest.

Four other conference teams will be seen in action tomorrow leaders among the weaker elevens. Ohio faces Chicago at Chicago and Northwestern meets Purdue at LaFayette.

Michigan will face the Badgers apparently determined to use a forward passing attack despite the fact that Uteritz, a star in this sort of contest for Michigan for three years will be out of the lineup because of injuries.

Wisconsin was expected to use about the same lineup that was put on the field against Illinois last week. While Michigan was given the edge, football experts expected a close game and many would not be surprised at an upset of the "dope" owing to the probable weakening of the Michigan team thru injuries.

Minnesota will go against the Iowa team with the knowledge that it must not only beat the Hawkeyes, but take the Wolverines into camp a week hence to maintain a championship record. The result of this game was considered by most dopesters as a "toss up."

The Mississippi aggregation has an excellent opportunity to stage a great surprise at Urbana tomorrow, for the fighting Illinois headed by "Red" Grange, sensational find of Coach Zuppke, have every confidence that they will win as have thousands of well wishers who will go to Urbana to see the Illinois team in action for the last time of its home gridiron. In their last game a week away, Illinois will meet Ohio the only team standing between it and the champion-

ship.

Ohio State after its one-sided victory over Purdue, came here today pinning much of its hope in Hoge Workman and Klee. Chicago has the better record but has not underestimated its foe and has put in a week of work preparing for the aerial attack that the Buckeyes are expected to uncork.

Northwestern went to LaFayette with Purdue a heavy favorite.

THREE I LEAGUE WILL MEET IN CHICAGO

Chicago, Nov. 16.—The annual meeting of the Three I League will be held in Chicago Wednesday, December 12, according to a call issued tonight by President Tearney.

Hints for Hunters

Hunters should always look down muzzle of gun to see if loaded. If still in doubt, pull trigger.

Hunters planning trip to Africa jungles should select bait with care. Lions rarely ever snap at care-worms.

Hunters going to Canada should carry double-barreled cock-screws and automatic, re-loading head-ache wafers.

Hunters who shoot gnides by mistake have option of apologizing or taking ball out to 20-yard line.

Hunters with medical training should never go after ducks, on account of the quacks.

Hunters invading New England should ignore all quail unaccompanied by toast.

Hunters who kill moose should bring animals home intact. Saves trouble of making them over into hats-tracks.

Hunters with long matrimonial careers should never go after wild animals. Liable to find it monotonous.

Hunters should never hit grizzly bear in face with fists. Sportsmanship demands that gray silk gloves be used.

Hunters breed by bear should exercise patience. By spring, leaves will come, affording full concealment.

Hunters should know that one good shot deserves another. But still a quart doesn't last long.

FRANCE WILL RUN INTERNATIONAL RACE

PARIS, Nov. 16. —(A.P.)—The winner of tomorrow's match race at Churchill Downs between Zev and In Memoriam will be invited directly to participate in an international cup race to be held at Long Champs on May 3 next, it was announced tonight.

The race in which it is hoped to have representatives of the American, British, Spanish, Italian, Belgian and French turfs will be for stakes of 1,000,000 francs and will be run over a distance of one mile and a quarter, the horses carrying 126 pounds.

BIG THREE FADES

Once upon a time the supremacy of Yale, Harvard and Princeton in athletics lured many a star athlete to the Big Three. That condition no longer exists and all the leading schools get an equal play. Incidentally the title "Big Three" is getting a bit faded.

CORNELL WEAKER

Percy Haughton, Columbia football coach, saw Cornell play Dartmouth. Haughton is of the opinion that Cornell is not so strong as a year ago, and is in need of an expert kicker. Captain Pfann, great in all other respects, is a weak toe-man.

"MIGHTIEST FIGHTING MAN" NOW A TROOPER

BOB MARTIN

This shows Bob Martin, A. E. F. heavyweight champion, called by General Pershing "the mightiest fighting man," as he looks in his new role, that of a state trooper in West Virginia. Martin was recently advised to retire from professional fighting, following an ineffectual attempt to come back at New Orleans. Martin developed a blood clot on the brain after meeting Frank Moran, veteran Pittsburgh heavyweight, and has not been of much value as a fighter since. He hopes the work in the Virginia hills as a trooper will restore his old vitality.

OLD TIME GOLFERS SAY GAME HEALTHY

CLEVELAND, O. (AP)—The warning of London physicians that persons 50 years old or more are endangering their lives by playing golf is scoffed at by Cleveland's "Indian Scouts" foursome, believed to be one of the oldest active quartets in the world, who may be seen regularly on the golf links here. Their combined age is 227 years. None of them started playing golf until he was past the half century mark.

The foursome is composed of Charles W. Burrows, 74; G. T. McIntosh, 75; J. W. S. Webb, 69, and A. W. Neale, 59. All are prominent business men here and may be seen on the links every Saturday and a couple of three times a week," as one of them put it.

When they are "on their game" the foursome play in the low eighties or nineties. They have been playing together for about 12 years.

"I don't know of any pastime more pleasant, more healthful and more invigorating for a man between the ages of 60 and 80," Mr. Burrows said. "Of course

a man who allows his muscles to become soft and flabby from lack of exercise, smoking, overeating and drinking and then goes out on the course and overtaxes his strength is in danger, but moderate golf means health for a man past 50 who keeps himself in condition.

"Walking around the course by yourself or even with three friends would be too monotonous. Playing golf, you exert yourself for an instant with a stroke drive and then you rest while the others tee off. If you get tired you can sit down and rest, and you're resting in the open air.

"Golf holds your interest.

"You're continually trying to better your game. You forget the poor shots and try to remember some of the good ones. The four of us play about the same game, but we're continually trying to beat each other, and that's where a lot of the fun comes in.

"Men of our age can't play tennis or baseball because these games are too strenuous. We're satisfied with golf, despite the English doctors' warning, and I guess we'll stick to it.

MINNESOTA TEAM BEST SINCE 1916 IS EXPERT'S VIEW

By NEA Service

Minneapolis—"The best team since 1916." That's what the student body at the University of Minnesota is predicting for its football aggregation this season. And there are no bones being made about it either.

In the past 20 years Minnesota has sponsored three really great teams. One of these was the 1903 eleven which tied for Western Conference honors with Michigan. That was the aggregation that battled the Wolverines to a 6-6 score in as desperate a contest as has perhaps ever been waged in the middle west.

The 1910 eleven was also above par though beaten by Michigan, 6 to 0. On that team were such stars as Johnny McGovern, Lyle Johnson and others.

Then there was the 1916 outfit with that forward passing combination of Wyman and Baston standing out as the biggest asset. That season Minnesota put on the field one of the strongest elevens in the entire country. And there the Gophers stopped.

This fall followers of Minnesota see a return to the winning ways of yesterday. "The best since 1916," they say. And if that is the case, then other members of the Big Ten had best watch out.

DIXIE TEAM PLAYS ILLINOIS TODAY

URBANA, Ill., Nov. 16.—Mississippi A. & M. college will invade the Illinois Stadium tomorrow for the first intersectional game which has been played by Illinois since the war. With Coach Bob Zuppke holding "Red" Grange, his star half back, and Swede Hall, regular quarter, out to save them for the Ohio game next week, the Southerners have a good chance to slip up on the Illini, although the dope gives Illinois a decided advantage.

Wally McIlwain, Grange's mate at half, is a doubtful starter. His place may be taken by Heimie Schultz. He, Grange and Hall are all ready to take the field if they are needed, however. While this is the first football game between Illinois and the Mississippi team the two teams have played baseball games on Illinois' southern trips since 1912. The probable line up:

ILL.	Position	MISS.
Rokusek	Left end	Lane
Crawford	Left tackle	Low
McMillen	Left guard	Miller
Green	Center	Gatchell
Miller	Right guard	McKenzie
R. Hall	Right tackle	Fulton
Richards	Right end	Noble
Coutchie	Quarterback	Young
Jenks	Left halfback	Stephens
McIlwain	Right halfback	Perkins
Britton	Fullback	Barnett
		Average weight: Illinois 183; Mississippi, 175. 5-11.
		Officials: Referee, J. C. Masker, Northwestern; umpire, A. Benbrook, Michigan; field judge, Millard, Illinois Wesleyan; headlineman, Morton, Michigan.

GETAWAYS TAKE GAME FROM NORTH END FIVE

A double header basket ball game was played last night at the I. S. D. gymnasium. The first game was played by the first teams of the Getaways and the North End Independents, and ended in a score of 33 to 5 in favor of the Getaways. The high point markers were Lewis, who scored seven field goals, and Doyle and Fitch, who scored three and four baskets respectively. During the first half the game was fast and close, but in the second the Getaways tightened up and the Independents seemed to weaken. Box score:

GETAWAYS	fg	ft	Total
Doyle, f.	4	1	9
Fitch, f.	3	1	7
Lewis, c.	7	0	14
Peterson, g.	1	0	2
B. Smith, g.	0	0	0
			33
Totals	15	3	5

The second game was played by the second teams of these organizations. The second team of the Getaways won the game by a score of 7 to 13. Elmer Smith was the point maker for the winners, scoring nine points.

FUTURE GREAT

Bud Taylor of Terre Haute, Ind., is picked by westernistic experts as the next bantamweight champion. He recently defeated Harry Gordon, the flashy New Yorker, who had previously won over the highly touted Carl Themaine.

TRAIL OF STOLEN CARS LEADS TO THIS CITY

State Investigators, Local Authorities and Insurance Company Co-operates in Endeavor to Recover Cars—New Identification Process Restores Mutilated Numbers

Jacksonville, like a number of other Illinois cities, is in the lime-light of stolen car investigation. Automobile stealing and distribution has grown into a business of enormous proportions throughout the country. For weeks past investigations have been going on in this city relative to the sale of used cars and a number have been positively identified as stolen property.

District investigator Foreman of the secretary of state's office, has been on the job here and a number of cars put thru the new motor number restoring process have shown that the original motor numbers had been changed.

These cars are now in the possession of the authorities here.

Mr. Foreman has been working in connection with Chief of Police Kloran and F. C. Wilson, superintendent of the car recovery and identification department of the American Anti-Auto Thief association.

A list showing a large number of used car sales in this county has been compiled and an investigation will be made with reference to all. In several instances car owners who have happened to hear of the investigation have brought in their cars to be put thru the identification process.

TRAIL LEADS HERE.

Within recent months similar investigations have disclosed the systematic sale of stolen cars in Peoria, Middleton and Macomb, and it is said that the trail of investigation has led to this city. The first car which by the new process showed that the numbers had been changed had been purchased by a well known citizen

VERDICT RETURNED IN DAMAGE SUIT

Walter Ayers Awarded Damages in the Sum of \$2,500 in Damage Suit Against Jacksonville Railway Company—Other Docket Entries Made Friday.

In the damage suit in which Walter Ayers of this city sought damages from the Jacksonville Railway Company in the circuit court, the jury awarded the plaintiff \$2,500 after a deliberation of a few hours. The case was completed and turned over to the jury for a verdict yesterday afternoon. The plaintiff's counsel in their plea for a verdict in their favor alleged that although Mr. Ayers was driving his automobile on the street car tracks he was justified in this, on account of weather conditions and that if he had been given a few more seconds to get off the tracks the accident could have been averted. Two witnesses for the plaintiff testified that they did not see any lights on the street car.

The defense contended that the street car was not traveling at a great rate of speed and also that it was unable to turn out of the way of the automobile.

The following docket entries were made by Judge Smith:

In the matter of the estate of Patrick T. Shanahan, deceased, the will was ordered admitted to probate and William Shanahan, M. D. Shanahan, Henry Shanahan, E. Shanahan excepted and prayed an appeal to the supreme court. Appeal allowed upon entering into bond in the sum of \$200 with sureties to be approved by the clerk of this court in 20 days and the filing of a bill of exceptions in 90 days.

Chancery
In the foreclosure suit in which Francis P. Doolin, Adm'r, etc. is complainant and Fred Simpson and Mary Simpson are defendants the master's report of sale filed March 14, 1923, approved showing deficiency of \$340.47. Deficiency judgement in favor of complainant and against the defendants for \$340.47. Cause stricken.

In the divorce suit of Harry K. Dorr vs. Maude C. Dorr the decree was rendered and approved. In the foreclosure suit of Margaret A. Vantyle, et al., against Sarah Edna Dunn, et al., the master's report was filed and approved and a decree for partition and appointment of commissioners approved and filed.

Results show that Mr. Wilson is thoroly familiar with the application of this interesting identification process and the process is destined to make the pathway of the auto thief or anyone who acts in conjunction with him a very unhappy road to travel.

As indicated, the investigation by the state and local authorities is still in progress and evidently good work is being done. The American Anti-Auto Thief association feels fortunate in having within its organization Mr. Wilson, who applies this special process.

Miss Helen Maddox, who has been visiting at the home of Mr. and Mrs. H. P. Mohr on Sandusky street, for the past four weeks, returned yesterday morning to her home in Murrayville.

ROTARY CLUB HEARD GROUP OF SPEAKERS

Three Varying Subjects Presented at Friday Session of Local Club.

Members of the board of directors of the Chamber of Commerce and of the industrial committee will hold a conference next Tuesday afternoon with President J. E. Taussig of the Wabash Railway Co., who will visit this city on a tour of inspection. The president's train will arrive here at 12:30 p. m. He will be met by a committee of citizens with autos, who will convey him and his party to the Peacock Inn for lunch. Following this, the conference will be held.

The president announced that W. D. James of Swift & Co., is the newest member of Rotary. Mr. Pierson spoke for a time in a facetious way and then in a more serious vein told something about the difficult problems an architect must meet in his business and professional work. Some general knowledge of the whole broad field of engineering is necessary for successful work and changes made in the plans in the course of construction are often the occasion of ensuing difficulties.

Mr. Hairgrove, who the past summer made his second trip into the northwest country, told briefly of the route followed to Prince Rupert and then of the succeeding weeks in Alaska. He referred to the tremendous natural resources of Alaska and the lack of development because of the difficulties of transportation.

As an indication of the high freight rates and the consequent high cost of manufacturing, a freight steamer rate for a distance of 1,500 miles is five times as large as a freight steamer rate for a distance of 7,000 miles in another direction.

Mr. Hairgrove gave interesting figures to show the tremendous decrease in the population of Alaska in recent years, the number of white people in the whole territory now being but 26,000. Other facts were presented which gave the Rotarians a much clearer idea than they had before of Alaska.

A brief time on the program was allotted to Mr. Elliott, who has been in Y. M. C. A. work in Calcutta for a number of years in conjunction with Melvin Kennedy, a former resident of Jacksonville, a son of Prof. J. A. Kennedy.

Mr. Elliott told of the hospital and religious work that is being done thru Y. M. C. A. influence in Calcutta, a brief story indicating that the organization is doing effective work in that distant area.

Some added interest was given the social program by the special honors paid to Walter DeShara, sergeant-at-arms of the club, who very recently gave up the title of bachelor to become a benedict.

The guest list of the day included William E. Bennett, Calcutta, India; Edward Berndt, a Rotarian of Chicago; E. B. Brooks, Newton, Ill., state superintendent of public charities; William R. Turnbull, Waverly, and O. F. Buffe, Jacksonville.

RED CROSS ROLL CALL

"The American Red Cross will act as the relief agency of the Government." These words were addressed to the American people by the President of the United States on the occasion of the Japanese earthquake emergency. That is precisely what the Red Cross was created for and in the moment of disaster it provided its preparedness, adding new luster to the name of America. The Red Cross stands available thru its membership to cope with almost any sudden visitation in almost any region of the world, because of the fact that it has been sustained by the people themselves.

The Red Cross, however, considers its primary duty to act for the people on behalf of the disabled American soldier and regards this as a solemn and binding obligation.

Twenty-eight thousand of these disabled men are being cared for at the present time by the Veterans' Bureau, and the director of this bureau in his address at the Red Cross convention said: "We need your co-operation, we need your assistance, because no matter what law we are operating under, there will be a step just a little beyond what the law authorizes where the Red Cross will be able to give us assistance."

Surely, a hearty endorsement of the work of this persistent, tireless agency of the people. Join the Red Cross and thereby satisfy your conscience.

J. J. Kelly, Roll Call Director, Morgan County Chapter, American Red Cross.

RELATIVE'S DEATH

C. W. Potter received a telegram this morning from Ft. Scott, Kans., announcing the death of his brother-in-law, James Schofield. The funeral service is to be held Sunday and Mr. and Mrs. Potter left last night for Ft. Scott. They expect to be gone a week or more and while away will visit for a few days at the home of Mr. Potter's sister, Mrs. Ruth Gilbert, at Mayfield, Kans.

SAMUEL ELDRED VERY ILL AT CARRICKTON

A message received by Mrs. S. A. Fairbank yesterday told of the critical illness of Samuel W. Eldred of Carrollton, who suffered a stroke of paralysis Tuesday and a second stroke Friday. Mr. Eldred is a brother of Mrs. Fairbank and his wife was formerly Miss Kate Robertson, the family being well known here.
